Average velocity 4
State of weather Clear
Prevailing direction W

P. W. SHEPARD in Signal Corps

Judge E. A. Colburn put a special new Hall safe in his office yesterday.

About $200 was netted by the minstrel entertainment for the benefit of the Bellevue Sanitarium.

Mr. J. E. Bones, of the Morning Oregonian of Portland, Oregon, called at the GAZETTE office yesterday.

Seats for Haverly's minstrels will be placed on sale at the Midland ticket office this morning at advanced prices.

Mr. W. R. Gibbs, who will shortly begin the publication of a paper at Falcon, is in the city. His printing outfit is now on the way.

Lots are selling freely in the new town of Falcon. Attention is called to the change in the advertisement of the Falcon Town and Land company.

Elsewhere will be found the advertisement of Russell & Alexander for men to work on the pine line now being put in by the Austin Bluffs Land company.

Mr. and Mrs. J. B. Rayner, of Redlands, Cal., who have been spending the summer in this city, friends and relatives, will start on their return trip about October 1.

Hereafter all performances at the Opera House will begin at 8 o'clock. This is a good move and people who attend the theatre will do well to impress it on their memory.

Passenger trains on the Santa Fe road, between this city and Denver, were delayed yesterday by the cars on a freight train near Castle Rock jumping the track the evening previous.

At the meeting of the Jackson Hose company last night a committee was appointed to challenge the Colwell Hose company to play a game of base ball, the proceeds to be donated to the Bellevue sanitarium.

Alderman H. B. Stevens and wife returned yesterday from a ten days' trip to Salt Lake City. They report a fine time and the Colorado Springs colony in the "City of the Saints" all well and reasonably prosperous.

Complaint of the crowded condition of the city school rooms has been frequent of late. To-day Judge Colburn and Mr. A. Hemenway of the school board will visit the schools to investigate their condition.

The rumor was current on the streets yesterday that there had been a general "tie" of the passenger conductors on the Midland road, but investigation failed to find that two of the "men" had been removed, but for what cause was not stated.

Mr. John Nolan, for many years a resident of El Paso county, near Fountain, died at Rock... on the 20th inst. of lung fever. Mr. Nolan was born in Dublin, Ireland, and was fifty years of age. He came to Colorado in 1860 and was well known to most of the old settlers of the county.

Alfred P. Burbank, the reader who appears at the Congregational church next Tuesday night, is a member of Farragut Post, G. A. R., of New York city. As his appearance here is for the benefit of the G. A. R. Post of this city, a number of the selections will be war pieces, and of special interest. A very large audience will probably greet Mr. Burbank.

Mr. Arthur Earle who returned from a month's hunting and fishing on the White river, last week, brought with him a cub bear. He is of the black species, about four months old and as vicious a little rascal as was ever captured. Mr. Earle has him chained in his yard and now proudly displays him to all who call as a trophy of the hunt.

At the First Methodist church this evening the second of the stereopticon entertainments for the benefit of the High school library will be given. This evening pictures will be shown, describing "The Grandeur of Europe," and will also include scenes in the far east. The pictures will not only be beautiful but instructive. The proceeds will go to the purchase of new books for the library.

The ... is preparing for a big crowd at the appearance of Haverly's minstrels next Monday night. When here last fall the show gave such general satisfaction that a rush will probably occur for the best seats at the opening sale to-day. The show has been playing to large crowds with advanced prices this season. At St. Louis recently the company had the largest week's business that has been done there in two years.

Arrangements have been made to play two games of base ball with the Pueblo club, one on Friday afternoon of this week and the other on Monday. The Pueblo team is now stronger than ever before this season and as the Colorado Springs club is the only one in the state that has worsted them, they will play their best to win here and the games will be closely contested. These games should be liberally patronized. They will be called promptly at 3:00 o'clock.

The following is taken from a special telegram to the Denver Republican of yesterday morning from Salida: "The Poncha Hot springs property, recently sold by Lord to the Colorado Springs Town company, by the president ... will be laid out ... The purchasing company ... will double the capacity of the ... and will doubtless take active steps toward improving the springs. They can easily be made a celebrated resort, as their natural advantages are unsurpassed. Salida people are quite jubilant over the improvement of the springs."

Alamo Arrivals: Norman Barnes, Denver; James Torrens, Greeley; L. Roy Mansfield, Denver; Colo.; Rinson, Castle Rock; J. Davidson, D. W. Pratt, J. S. Byers, Denver; R. W. Hackaday, Buena Vista; M. Walker, Miss Smith, England; Dr. White, Denver; W. F. McKeehan, city; C. P. Goddard, New York; E. P. Stickland, Boston; L. F. Bissell, Maryland; Dr. Walker and wife, South Carolina; D. D. Evans, Denver; Chas. C. Mast, Chicago; C. L. Grove, Wichita; J. M. Criswell, Chicago; J. D. Wilson, Grand Rapids, Michigan; R. Brown, Denver.

DISSOLUTION NOTICE.

THE GREAT TEXAS REMEDY

Following up the discoveries of modern science, establishing the fact that the cause of a majority of the diseases which affect men and animals arises from the inhalation of microbes or bacteria, Wm. Radam of Austin, Texas has invented the only method known to the world of exterminating these from the system. It is an infallible remedy in *Chronic Affections of the Throat, Lungs, Bronchial Tubes, Skin Diseases, Fevers, Dyspepsia, Kidney Diseases, Female Weakness, Chills & Fever, Malaria, Blood Poisons, Rheumatism, Neuralgia, Headache, Piles, Consumption in its first stages, and a Preventive and Specific for Contagious Diseases.* It is a sovereign remedy for nervous prostration or debility in either sex, and for all diseases peculiar to women and children.

As an application of external use it has no equal, and for all skin troubles it has no equal, and for all skin troubles it has now known.

The Circulars contained the certified histories of very remarkable cures appended to

For Justice of the Peace,
A. H. CORMAN.

For Constable,
E. D. BENSON.

For Road Overseer,
F. W. ROBERTS.

Congressman Mills has gone home to look after his fences. It looks as though he would not be able to finish his repairs before the election.

The Denver Times is soon to enlarge to an eight page paper. The new management seems to be very progressive. There is already great improvement over the old management.

From present appearances there will not be quite the strife that there has been heretofore in electing a state treasurer. The next legislature will make it no object for him to come closer than that of state auditor.

The recent banquet given by the members of the bar of Chicago to Chief Justice Fuller makes a pleasant end to the public agitation over his nomination. The fight against him by the republican party was a mistake in the beginning. The fact that every charge made against him has completely died out, and that there is universal concurrence in his honesty and integrity, show how unwise it was to make and that the fight on him was uncalled for. It was a waste of energy to attempt to defeat his confirmation.

It is a matter of regret that the Mahone-Wise fight has been carried into the fourth congressional district of Virginia, where there are two democrats in the field. The district is overwhelmingly republican and a republican may be elected. But it shows a want of union in the republican party which practically insures the election of one of that ticket for Cleveland and Thurman. Two years ago the republicans had a majority of twenty thousand in the congressional election and their chances of carrying the state were good.

The crisis in Chicago, Milwaukee and St. Paul affairs is causing a general stirring up among railroad investors. Investors have heretofore bought stocks and bonds almost entirely with reference to the interest or dividends, without examining the amount of stocks and bonds issued per mile. The English investors, as usual, are the ones who are most injured. They have been very willing dupes to unscrupulous managers. Besides usually when the crisis comes they go into another syndicate which proposes to do pretty nearly the same thing. They have made possible nearly all the recent attempts on the part of the Jay Goulds to water the stock and bankrupt great properties.

Perhaps the temperance feeling is stronger among Methodists than any other denomination. General Fisk the candidate on the prohibition ticket for the presidency is a member of the M. E. church. But Charles H. McCabe, secretary of the Methodist Missionary society, denies that the denomination will vote for Fisk and Brooks. He says: "We believe in prohibition. But a large majority also believe in the republican party and think at this time the urgent need is to get the government out of democratic control. As Mr. Lincoln put it, 'One war at a time.' Some of us may favor local option and some oppose it, but there are few of us who are in favor of the third party as a temperance aid at this junction."

The news from Indiana is very encouraging. The Democrats in that state were sure they could come in 1,000 or 2,000 ahead of their vote in 1884. We put forward every effort to overcome this, stating that we had determined for some two or three months. The collections had not been made in many counties, and all returns not in would be favorable to us. Now the returns are in, and we are 4,000 behind our vote in 1884. Three from the state we are sure of every one. The democrats have not got as far from our vote as we have from theirs, and the democratic vote was never larger than it is this year. We have made a magnificent fight, and the republicans have never been more confident of carrying a state when there has been a close election.

THE ATLANTA BARRACKS.

Building for Uncle Sam's Soldiers—A Home for Fever Patients.

[Special Correspondence.]

ATLANTA, Sept. 12.—The yellow fever scourge which prevailed in Florida and a few cases of which appeared in Atlanta has caused Uncle Sam's big barracks at Atlanta interesting. These barracks are now in process of completion. Until probably he puts in an army early next spring Assistant Quartermaster J. W. Jacobs is the engineer in charge and the work is being pushed forward rapidly.

OFFICERS' QUARTERS.

The barracks will consist of five long dormitories for the enlisted men, officers' buildings for the officers, a hospital and stables. The dormitories will accommodate 108 men each, and the officers' buildings will be for two families each. The hospital

TWO OF THE DORMITORIES

has room for fifty patients, with an isolation ward for contagious cases. The buildings were designed by Quartermaster Jacobs, and every building is very substantial in appearance. Four of the dormitories are 215 feet long, and the fifth and middle one is 315 feet, all of them having two story verandas 12 feet wide, and a half of which is inclosed on both sides. The cottages are each 32 by 60 feet square. The parade ground is 1,015 feet above sea level, just a little below Atlanta. It is 800 feet wide by 1,500 feet long.

About 600 men will be required at the full complement, and the water for the barracks will be obtained from the city water works, a distance of about a half of a mile, at a cost of about $2,000 annually. The water supplied by the company passes through the meter, and then is carried to the barracks. The water is supplied to the city from the Chattahoochee river, and is pumped into the reservoir on Peachtree street, which is the only water company station in the city, with the first completed. It is probable the government

THE HOSPITAL

will send a band of music, a regimental head quarters. If the new barracks will be completed

STATE NEWS.

Pueblo Fair.

The military encampment in Pueblo will consist of [illegible]

Fire at Silver Cliff.

Judge Steele of Leadville has been appointed receiver for the Mollie Gibson mine.

FALCON!

The New Town at the Junction of the Great Rock Island and Pan Handle Railroads.

Seventy-three miles South of Denver. Fifty miles North of Pueblo. Twenty miles East of Colorado Springs.

Destined Beyond any Question of Doubt to Become an Important and Live Town.

The question that naturally arises is: What is going to make a town? We will try and give you a few reasons: 1st, Because it is the junction of the two great railroad systems and the traffic and interchange of business, between the two roads, together with the necessary depots, water tanks, stock yards, three connecting tanks, etc., will alone support a thriving town. 2nd, Falcon is located near the summit of the divide, and therefore in the Rain Belt. In any ordinary season crops in the surrounding country are successfully raised without irrigation. It is already settled for fifteen miles around with a class of people that mean business and are bound to succeed. Its close proximity to coal and wood, its fine soil and delightful climate will help to make a town. 3d. The townsite itself is blessed with abundance of pure water, a small lake in the center of the town, five or six living springs, one of them a fine Iron spring. Though not Quessecing it is possessed of medicinal virtues of great value. 4th. The Town Company propose to spend several thousand dollars in improving the property. A New Hotel to cost not less than five thousand dollars, also a fine building to be occupied as the company's office and a great summer house over the Iron spring. Fencing, setting out of trees, beautifying the Park grounds and grading streets all bespeak success.

The price on lots will range, from $40 to $150. Easy terms. If you are looking for cheap homes, business opportunities, or a lot as an investment, we cordially invite you to visit Falcon whether you purchase or not. You will find either Mr. R. F. Kavanaugh or Mr. F. H. Russell on the grounds glad to show you the property. To get to Falcon by rail at present, take the Denver, Texas and Fort Worth Railroad to Granger, Colo., where you will find a carriage which will take you to the grounds free of charge. If you purchase property to the amount of $100 your fare will be paid one way to any railway point within seventy-five miles of Falcon. For further particulars address
